

CHERRY CREEK SCHOOL DISTRICT NO. 5
TREASURER'S REPORT - FINANCIAL RECAP
FISCAL YEAR 2023-2024
FOR THE PERIOD ENDED MARCH 31, 2024

# CHERRY CREEK SCHOOL DISTRICT NO. 5 PART I – OVERVIEW OF ALL FUNDS TREASURER'S REPORT – FINANCIAL RECAP NARRATIVE FOR THE PERIOD ENDED MARCH 31, 2024

To facilitate the Board of Education's review of the financial position of the District, enclosed is the financial information for the nine months ended March 31, 2024 for the District's General, Capital Reserve, Capital Construction, Technology and Maintenance, Bond Redemption, Building, Extended Child Services, Designated Purpose Grants, Pupil Activities, and Food Services Fund.

- The District incurred a cash flow deficit starting in January 2024 through March 2024 due to the timing of property tax collections. The District participates in the State Interest Free Loan Program to fund the yearly cash flow deficits. The District borrowed from the State Interest Free Loan Program starting in January 2024 and fully repaid the loan in March 2024.
- General Fund expenditures and encumbrances, in total for the fiscal year, are consistent with anticipated amounts included in the District's adopted financial plan. Total expenditures are 75.0% of budget, which correlates to 75.0% of the fiscal year completed as a benchmark and compares to the prior year of 75.0% of budget spent year-to-date.
- The District's revenue for all funds are consistent with the District's modified budget.
- The financial statements include projected year-end balances. In most cases the projected balances will reflect the current modified budget. The projected balances will reflect any amounts that exceed the current revised budget or other known information that would impact the expected year-end results.
- Based on the State School Finance Act passed in June 2023, the District will receive \$10,573 per pupil which is an increase of \$998 (10.4%) from the prior year. Student enrollment is projected to decrease approximately 1,299 students in the FY 2023-2024 Operating Plan. The anticipated impact to revenue in the Operating Plan is an overall increase of \$38.3 million for the District.

- The General Fund Budget was built as a balanced budget, balancing the expenditures with available revenue sources for the General Fund. This was accomplished by only allocating the new revenue to the District to invest in new educational programs that further meet the changing needs of our student populations and maintain the strategic initiatives of Instructional, Workforce, and Operational Excellence.
- The ESSER funds are intended to support school districts (and other entities) with expenses due to the public health emergency with respect to COVID-19. ESSER allocations add new spending requirements for State Education Agencies (SEAs) and Local Education Agencies (LEAs) to protect funding levels for school districts and schools with high percentages of students living in poverty. Specifically, 20% of funding must be used to address learning loss from the pandemic. This Act provides broad economic relief and includes provisions to protect schools from disproportionate state funding cuts. ESSER I was granted during fiscal year 2020-2021 (\$3.4 million), while ESSER II and ESSER III (\$48.3 million) were granted through fiscal vear 2023-2024 and fundings for ESSER II and ESSER III are expected to be fully spent by June 30, 2024. In addition to the allowable uses of existing federal programs. examples of allowable uses include coordination with public health departments: purchasing educational technology; planning for long term closures; training and supplies for sanitation; mental health support; summer school and afterschool programs; funds for principals to address local needs; other activities to continue school operations and employment of existing staff.
- The District has also received funds from the National School Lunch Program, School Breakfast Program, and Summer Food Service Program including emergency feeding efforts throughout the coronavirus pandemic. Additionally in fiscal year 2023-2024, the state started providing funds from the Healthy School Meals for All Programs. These funds have supplemented the District's food service programs through meal reimbursement with free lunch and breakfast for students.

Notes for General Fund: (1) The majority of Property Tax Revenues are not expected to be received until the end of the 3rd Quarter.

<sup>(2)</sup> The major categorical programs currently in place in Colorado are for small attendance centers; services and instruction for English-language learners; special education; gifted and talented education; vocational education; and school transportation. The specifics of Budgeted amounts for each of these categories is laid out above and will be received at different times throughout the fiscal year.

<sup>(3)</sup> The movement of the Budget within Other State Funding and Universal Preschool has shifted between Budget Development and the first quarter of fiscal year 2023-2024 due to State Planning and how Revenue would be booked and distributed through the Colorado Department of Education (CDE).
