

Fox Ridge Traffic Plan 2024-2025

The safe arrival to and departure from school is important.

For those dropping students off, please be mindful of those crossing the streets. To help us manage the traffic flow, please be aware of the traffic pattern.

Student Drop Off (8:40am-8:50am) & Pick Up (3:45pm-4:00pm).

- We use the **West Entrance** which faces Cherokee Trail High School.
- We have two lanes of traffic. **Please refer to the diagram in this document.** **RED** arrows indicate the route entering our campus. The **LIGHT BLUE** arrows indicate the two routes leaving our campus.
- Please wait until you get past the signs in the lower lot for entering and exiting vehicles. This allows traffic to move faster and keep everyone safe in the parking lot.
- If you park your car, you will need to walk with your student through the parking lot. If you are picking up, please come to the center island to walk your student to your car.
- Please be cautious if you are leaving toward Cherokee Trail, as incoming buses share that roadway.
- We ask that you wait until 3:30pm to enter the carpool lanes. It is a fire lane and needs to be available.
- Powhaton Road is the Bus Lane and is not for pick up or drop off.
- The driveway between Fox Ridge and Cherokee Trail is the incoming lane for bus traffic and outgoing lane for cars exiting Fox Ridge. Please see the directional arrows.
- Buses drop students off at the North Entrance of the building. Please do not drop your child off in this lane.

Carpool Lane: Drop Off / Pick Up
